

Communication Plan and Contact Data

SolarLink 7 · THM × CESI

Meeting Cadence

- Weekly steering meeting: every Thursday at 12:00 CET via Google Meet, 30–45 minutes, all members.
- Project week standups (25–29 May 2026): daily throughout the day via Google Meet.
- Report-assembly sessions (30 May – 11 June 2026): twice weekly, scheduled by the communicators.
- Ad-hoc working sessions: scheduled via WhatsApp; morning slots (09:00–13:00 CET) preferred.

Tools and Channels

Tool	Purpose
WhatsApp	Urgent and time-sensitive coordination; meeting reminders; quick yes/no questions.
Discord	Team workspace; files, threads, technical discussion; recorded assembly videos.
Email	Formal communications; contact with supervisors.
Google Meet	All scheduled meetings (steering, standups, ad-hoc working sessions).
GitHub	Source code, 3D STLs, dashboard flow exports, ADRs, technical documentation.
Google Drive	Planning documents, report drafts, presentation materials.
Miro	Live brainstorming and design ideation.
Trello	Task-level execution tracking (from 14 May 2026 onwards).
Microsoft Excel	Project schedule (Gantt chart) maintenance; competence and task distribution matrix.

Contact Data (Team)

Name	Site	Email
Swayam Jakhalekar	THM	swayamjakhalekar@gmail.com
Shanmugaraja Senthil	THM	Senthil.Shanmugaraja@gmail.com
Shantanu Shende	THM	shantanushende99@gmail.com
Gabriel Lenoir	CESI	gabettthomasequipage@gmail.com
Willyam Okondza	CESI	wokondza@gmail.com
Edouard Cossin	CESI	edouard.cossin1973@gmail.com

Escalation Path

Member → local organiser → local communicator → cross-site communicator → supervisor (Prof. Michael Arndt at THM and Prof. Leila Costelle at CESI).
